*DAYLIGHT SAVING TIME ADJUSTMENT: The time periods shown above will begin and end one hour later for the period between the second Sunday in March and the first Sunday in April, and for the period between the last Sunday in October and the first Sunday in November.

HOLIDAYS: Holidays, for the purpose of this rate schedule, are New Year's Day, President's Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day and Christmas Day. The dates will be those in which the holidays are legally observed.

Deep Green Rate

Deep Green Premium

Customers electing the Deep Green 100% renewable energy service option will pay the applicable rate for the Light Green service option plus the following Deep Green energy charge.

All Usage*	as above plus \$0.01/kWh
------------	--------------------------

*Deep Green costs an additional penny per kilowatt-hour in addition to MCE's standard Light Green rates. Based on average monthly usage of 500 kWh per month, Deep Green would cost an additional \$5 more per month.

Other Rate Information

Changes to Tiered Electric Generation Rates

As of July 1st 2012, both MCE and PG&E utilize non-tiered generation rates. Previously, residential customers were charged according to tiered generation rates so that charges increased as usage increased. PG&E has replaced this system with the Conservation Incentive Adjustment (CIA) line-item on customer bills, which provides a credit to low-usage customers and charges to high-usage customers. The CIA is applied equally to both MCE and PG&E customers.

For more information on the Conservation Incentive Adjustment change, please contact PG&E's customer service center at [1-866-743-0335](tel:1-866-743-0335).

PG&E Electric Rates

MCE does not provide a listing of PG&E's generation or non-generation rates, as those rates are subject to change over the course of the year. The most up-to-date information on these rates can be located within PG&E's tariff sheets, available on their website at: <http://www.pge.com/tariffs/ERS.SHTML#ERS>. For comparison purposes, generation rates are listed under the "Unbundling of Total Rates", which is found after the listing of "Total Rates". All other charges which comprise PG&E's "bundled" charges (such as distribution, transmission, tiering adjustments, and other charges) are assessed equally to MCE customers.
