Schedule CCA-CRS COMMUNITY CHOICE AGGREGATION COST RESPONSIBILITY SURCHARGE (Continued)

RATES

Composition of Rate: This rate is composed of the following components:

- DWRBC (Department of Water Resources Bond Charge) is the Wildfire Fund Non-Bypassable Charge which supports the California Wildfire Fund.
- 2. CTC is the Ongoing Competition Transition Charge, which recovers the CPUC-approved market price limit for legacy electricity contracts (signed prior to 1998), as well as statutorily-authorized costs that are related to restructuring of California's electric industry prior to the energy crisis.
- 3. Power Charge Indifference Adjustment (PCIA): Either a charge or credit, designed to maintain bundled customer indifference associated with other customers departing bundled utility service. The PCIA is determined residually by subtracting the authorized CTC revenue component of the CRS revenues from the Indifference Amount developed in accordance with Decision (D.) 06-07-030, and D.11-12-018, as modified by D. 18-10-019. The Indifference Amount reflects the extent to which the average cost of the SCE total generation portfolio, differs from a Market Price Benchmark developed by the Commission. The Indifference Amount is negative when the departure of a customer for DA service results in lower resource costs for the remaining bundled service customers. Pursuant to D.19-08-022, beginning October 1, 2019 and retroactive to January 1, 2017, the 2001 and 2004 PCIA Vintage factors in the following rate tables will no longer include the above-market costs of legacy Utility Owned Generation (UOG).
- 4. Fixed Recovery Charge: SCE has been permitted to issue bonds that enable it to recover (N) more quickly certain costs related to preventing and mitigating catastrophic wildfires, while I reducing the total cost to its customers. The Fixed Recovery Charge (FRC) has been approved by the CPUC to repay those bonds. The right to recover the FRC has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and recovery does not belong to SCE. SCE is collecting the FRC on behalf of the Special Purpose Entity.

With the exception of the CTC and DWRBC, all charges, terms, and conditions of the customer's Otherwise Applicable Tariff (OAT), or contract rate shall apply.
